### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael E. Dergosits on May 19, 2009.

The application has been amended as follows:

Please Cancel Claims 1 - 4.

In claim 12, line 1, after "to any", insert --one--.

In claim 18, line 1, replace "any" with --to any one--.

Amend Claim 19 as follows:

19. An article of manufacture for drying or wiping a surface, comprising:

a first layer, ~~comprising at least one layer of a microfiber fabric, the~~ of a microfiber fabric consisting of a split microfiber with furrows and channels to create capillary action and void space in the first layer into which the liquid can be drawn;

a second layer, ~~comprising at least one layer of a microfiber fabric consisting of a split microfiber with furrows and channels to create capillary action and void space in the second layer into which liquid can be drawn, the second layer coupled to~~ portions of the first layer in those areas in which there is no other fabric layer between the first and second layers, and

a third layer coupled in between the first and second layers such that when the third layer is intermediate the first and second layers, the third layer mediates the transport of moisture from the first layer and moisture from the second layer, the third layer comprising at least one layer of a moisture-resistant material;

coupler means to couple the three layers together in areas where all three layers overlap such that the three layers remain separate and distinct from each other except at limited points of contact

Art Unit: 1794

caused by the coupling means where the first and third layers and the second and third layers are in fixed contact with each other;

wherein the article is configured for wiping a surface.

In claim 24, line 1, replace “any” with --to any one--.

2. The following is an examiner’s statement of reasons for allowance:

3. The Amendment submitted on February 4, 2009, has been entered. Claim 10 has been cancelled.

Claims 5 and 19 have been amended. Therefore, the pending claims are 1 - 9 and 11 - 24.

4. Claims 5 - 9, 11, 12, and 13 - 18 are allowed for the reasons of record.

5. Claims 1 - 4 have been canceled above since the claims are not commensurate in scope with the allowed claims.

6. Claims 12, 18, and 24 were amended so that the claims are written in proper multiple dependency form.

7. Claim 19 has been amended to include the limitations of the allowed claims.

8. The restriction requirement between claims 5 - 9, 11, 12, and 13 - 18 and claims 19 - 24, as set forth in the Office action mailed on July 15, 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 19 - 24, directed to a three layer composite with a moisture resistant third layer is no longer withdrawn from consideration because the claims requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Art Unit: 1794

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jenna-Leigh Johnson whose telephone number is (571) 272-1472. The examiner can normally be reached on Monday - Friday (8:00 - 5:30).
